Risk Management Best Practices

The Diocese of Covington introduces its Risk Management Best Practices. The Best Practices address facility and operational issues that bring unique risk to the Church. The Best Practices address the following areas:

- Online Training
- Transportation Best Practices
- Parish Festival Guidelines
- Facility Security
- Youth Ministry
- Parish Nurse/Health Ministry
- Volunteer Administration

CMG has developed a training platform to help support Best Practices in your Diocese.

Transportation Best Practices

Diocese of Covington

Transportation Best Practices, Defensive Driving, and 11-15 (including driver) Passenger Van, Bus, and Shuttle Use

Q – Can employee or volunteer drivers be used in our school or church programs?

A – When appropriate, employees and volunteers can be asked to drive on Church business. Often, employee and volunteer drivers are important in allowing the Church to fulfill its ministries.

Q – What resources are available to help in determining when employee or volunteer drivers should be used?

A – Catholic Mutual has developed an online training, *Church Transportation: Is It Necessary And Ministry-Based?* that should be viewed by all Church and school personnel involved in the arrangement of transportation. This training can be accessed under the *Driving Administrator* Curriculum on www.CMGconnect.org.

Q – What can we do to make sure our employee and volunteer drivers are properly trained?

A – Employee and volunteer drivers should take Catholic Mutual's defensive driving course, *Be Smart – Drive Safe*. This 18 minute training program educates drivers to avoid the seven most common causes of accidents. In addition, each driver completes a short questionnaire to verify they have a valid driver's license and an acceptable driving record. Attached is instructions to access the *Be Smart – Drive Safe* program.

Q - Is it acceptable to use an 11 – 15 (including driver) passenger van to transport passengers?

A – No. As early as 2001, the National Highway Traffic Safety Administration issued warnings on the serious rollover potential of these types of vans. This led to the federal prohibition of the sale or leasing of these vans to schools by authorized dealerships.

So what should be used?

- A school bus or a Multifunction School Activity Bus (MFSAB).
- A mini-van or a SUV that has a total capacity of no more than 8 people.
- Vehicles that have a rated capacity of 16 or more passengers, such as shuttle buses, must comply with the same safety standards as a multifunction school activity bus.
- Simply removing the seats to reduce the occupant capacity of the vans is not allowed.
- An 11-15 passenger van can be converted for use as a maintenance or cargo van by permanent removal of the seats.

To verify that locations are not utilizing a non-conforming 11 – 15 (including driver) passenger van, bus, or shuttle, Catholic Mutual Group has a short “read only” training, which can be taken at [CMG Connect](http://www.CMGconnect.org) under the *Driving Administrator* Curriculum.

Diocese of Covington

Use of 11-15 (including driver) Vans is Prohibited

11-15 (including driver) passenger vans should either be replaced with a school bus or a Multifunction School Activity Bus (MFSAB). A MFSAB is a vehicle, which complies with the Federal Motor Vehicle Safety Standards (FMVSS) applicable to school buses for crash survivability and mirrors.

If a MFSAB is used, the vehicle must meet the following four FMVSS:

FMVSS 111 – Fulfills the safety requirement for the rear-view and cross-view visibility.

FMVSS 220 – Establishes requirements for the school bus body structure in rollover accidents.

FMVSS 221 – Regulates the strength of body panel joints in school buses.

FMVSS 222 – Establishes occupant protection requirements for school bus passenger seating and barriers.

Removal of seats from a vehicle designed to transport 11-15 passengers to make the vehicle a 10 or less passenger vehicle is not allowed. Additionally, shuttle buses that do not meet the above listed Federal Motor Vehicle Safety Standards (FMVSS) for a MFSAB are not allowed.

Mini-vans may be used to transport children or adults. A mini-van is defined as a passenger vehicle designed to transport no more than 8 total occupants.

While the use of 11-15 (including driver) passenger vans is prohibited to transport people, the vehicles can be used for cargo hauling only if all but the two front seats are removed.

If you have questions whether or not your vehicle would be in compliance, please contact the Risk Management Department at 1-800-228-6108.

Parish Festival Guidelines

Diocese of Covington

Parish Festival Guidelines

Q – Why is it important to have risk management procedures and practices in place for our parish festivals and other large events?

A – Festivals and other large-scale events that go above and beyond the daily ministries of the Catholic Church create unique liability exposures. The Church is legally liable and ethically responsible for accidents that happen as a result of any involvement and sponsorship in these types of events. It is vital that churches and schools develop a “best practices” approach for any parish-sponsored event. Not only will this approach provide better assurance for the safety of everyone involved, it will also reduce the liability exposure associated with these types of large events.

Q – What resources are available to successfully manage our parish festival or other large events?

A – Catholic Mutual offers *Safe & Successful Parish Festivals* online training which you can access by logging into **CMG Connect** and accessing the *Parish Festival Curriculum*.

By being aware of the “best practices” safety checklist and understanding the detailed information available in the Guidelines for Parish Festivals, you will be better prepared to ensure a safer event and reduce or eliminate common claims associated with these types of events. The Guidelines for Parish Festivals can be found on **CMG Connect** under Resources at the top of the page.

Facility Security Best Practices

Diocese of Covington

Facility Security Best Practices

Q – Why is it important to have a security policy in place?

A – Having unsecured schools, churches, parish halls, and offices provides free and unrestricted access to your buildings and their contents and could expose your facilities to theft and vandalism. It could also expose those visiting or working there to possible injury due to unwelcomed intruders.

Q – Is it expensive to provide for a safe and secure environment in our schools, churches and offices?

A – No. By developing a simple written policy for each of your buildings, you can make them safe and secure.

Catholic Mutual Group offers a variety of maintenance and security information on [CMG Connect](#).

By following the items in the below checklist, you can easily, and with little expense, provide sound security measures for the protection of property and people.

CHECKLIST

- [Schools](#)
 - A written security policy is in place and the staff and parents have been educated on the policy.
 - Visitor reporting procedures are in place.
 - All secondary doors are secured against entry and all visitors are directed to a single, monitored, entrance. (Monitoring of the school entrance must be by visual means, electronic or video monitor, or with remote buzzer to unlock the door.)
 - All offices, storage rooms, janitor closets, and unoccupied rooms are kept locked.
- [Church](#)
 - Operational hours for when the church is unlocked are set. At the end of the day, all church doors are locked against entry until the next day.
 - All doors inside the church are locked to restrict access to authorized staff only.
 - A Safety and Security Committee is active in the parish.
 - Ushers and greeters are trained in Security Protocol.

- Office
 - All parish records are kept in a secure location.
 - Parish Office hours of operation are posted and followed.
- General Measures
 - All landscaping is trimmed to eliminate hiding places for potential intruders.
 - The key control policy is in place and strictly followed.
 - All interior and exterior doors are checked daily for security.
 - Emergency procedures are in place and all staff and volunteers are provided an orientation on the policy.

Youth Ministry Best Practices

Diocese of Covington

Youth Ministry Best Practices

Q - Why is risk management an important component of youth ministry?

A - Often, the danger and liability exposures from youth ministry activities are not fully understood until an accident occurs. Best Practices will help ensure the safety of all participants.

Q - Is it difficult to implement necessary risk management procedures?

A - No. Catholic Mutual has completed an online training module and extensive supportive information to assist youth ministers, leaders and chaperones. This can be accessed on [CMG Connect](#).

Parish Nurse/Health Ministry Best Practices

Diocese of Covington

Parish Nurse/Health Ministry Best Practices

Q – Who can be a Parish Nurse and what do they do?

A - A Parish nurse's role focuses on personal health counseling, health education, referrals, wellness promotions, advocacy and the integration of faith and healing. A parish nurse can be a paid employee or volunteer of the parish. A parish nurse can also be contracted through a local healthcare institution.

Q – Does starting a parish nurse/health ministry program bring additional risk to our parish's liability insurance program?

A – Your exposure to loss increases anytime a new program is started within the parish. However, if parish nurse programs adhere to the best practice guidelines and do not perform any “hands on” type nursing activities, your increased exposure is minimal.

Q – What procedures must be in place before starting a parish nurse/health ministry program at my parish?

A - By being aware of and following the “best practices” for parish nurse/health ministry programs and understanding the detailed information available in the Catholic Mutual Guidelines for Parish Nurse/Health Ministry Programs, you will be better prepared to provide a well-run, effective program at your parish. Further information can be obtained on [CMG Connect](#).

 - Completed a motor vehicle record check (MVR)
 - Has taken *Be Smart – Drive Safe* online defensive driving curriculum
 - Has taken *Church Transportation – Is It Necessary and Ministry-Based?*
- **Professional Boundaries**
 - Parish nurse is aware he/she cannot provide medical diagnosis, only referrals to physician or other healthcare provider as needed.
 - Parish nurse is aware he/she cannot dispense medications
 - Parish nurse is aware to report abuse involving a minor or vulnerable adult to the appropriate governmental agency
 - Parish nurse is aware to keep confidential records in locked cabinet in accordance with HIPAA

Volunteer Administration Best Practices

Diocese of Covington

Volunteer Administration Best Practices

Q – Can volunteers be used as part of Church ministries?

A – Volunteers are an important aspect of Catholic Church ministries. When appropriate, volunteers should be used in assisting with the Church's mission.

Q – What can be done to ensure that volunteers are safe and volunteer activities do not create unnecessary risk for the Church?

A – Catholic Mutual Group offers a variety of volunteer information, which can be accessed on [CMG Connect](#).

Volunteer administration best practices are available to assist in the management of volunteers. Available resources include a brochure designed for volunteers, the Volunteer Quick Guide and a complete Volunteer Risk Management Manual. To get you started in successfully managing your volunteer program, consult the checklist below.
