

Diocese of Covington
School Lunch Program

Dear Parents and Guardians,

I hope this letter finds you well. I wanted to bring your attention to an important process regarding online applications for free and reduced lunches starting July 25, 2024.

My School Apps. Is a fast and secure online platform that allows you to conveniently apply for free and reduced meals for your child. By applying online, your applications for these benefits can be processed faster than ever before, ensuring a smooth and efficient experience for you.

Please note, if your child attends a Community Eligibility Provision (CEP) school, there is no need to apply for free or reduced lunch, as all students at CEP schools receive these benefits automatically.

- For those who were eligible for free or reduced meals in the 2023-2024 school year, there is a carryover period for these benefits. The carryover will remain valid until September 30, 2024, after which a new application will be required to continue receiving benefits.

One of the key benefits of My School Apps. is the high level of security it offers. Your information is protected using the highest security standards in the industry, ensuring the confidentiality and privacy of your data throughout the application process.

Using My School Apps. Is easy and user-friendly. The platform will guide you through the entire application process, ensuring that all necessary information is included and that your application is complete and ready to submit.

To get started with the application process, please visit <https://www.myschoolapps.com> or scan the QR code provided below. Once there, click on “Get Started” and select our school district using the zip code 41011 and the state Kentucky. By searching for the “Diocese of Covington.” You will find the relevant district to select and continue with your application.

Remember, the application period begins on **July 25, 2024**. I highly encourage you to take advantage of this convenient and efficient way to apply for free and reduced meals for your child.

Thank you for your attention, and we look forward to a successful application process.
