Leaders want to launch, but need a path

Kickstarter turns “we should start small groups” into a guided 90-day launch process.

Without a launch path

- ! Good intentions stall out
- ! Leaders launch alone
- ! Small groups feel like one more program

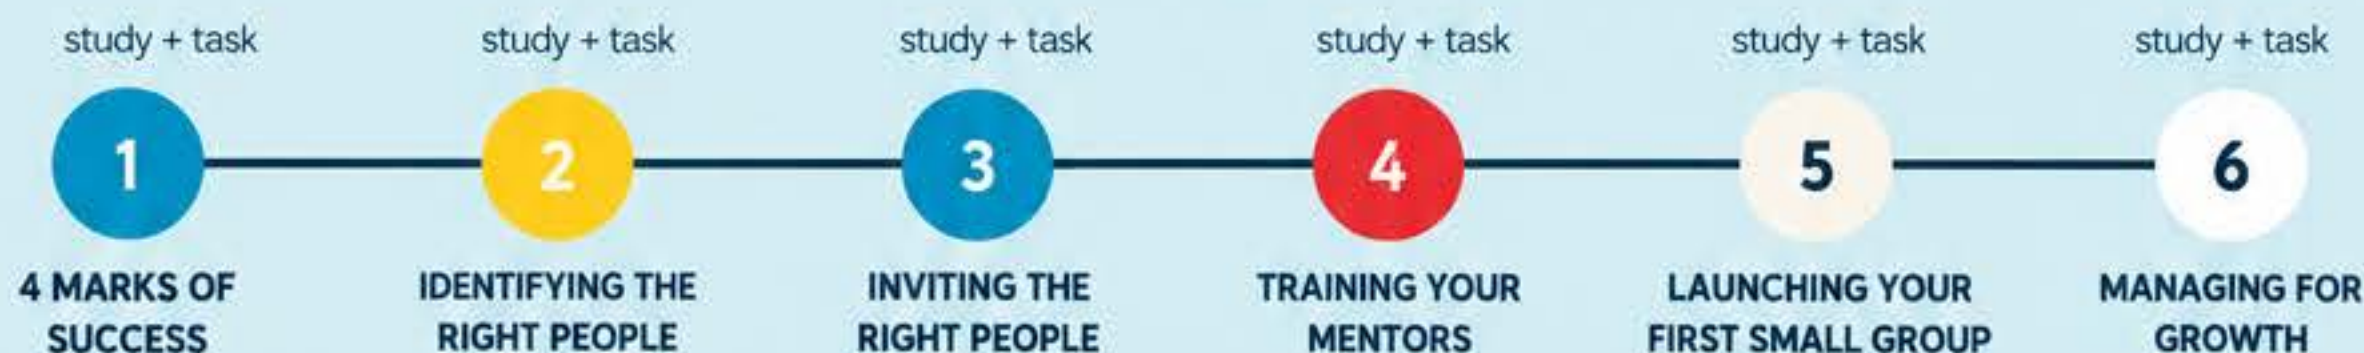

With YD Pro: Kickstarter

- ✓ Clear weekly assignments
- ✓ Cohort accountability
- ✓ Coach-guided launch plan

Outcome: ministry leaders leave with small groups ready to launch.

90-DAYS TO LEARN THE YDISCIPLE WAY

Six cohort gatherings create the spine. Between sessions, leaders study, plan, recruit, and prepare to launch.

Personal coaching session: timed to remove obstacles and sharpen each leader’s launch plan.
